Active Projects

- **Exxon Mobil Campus Project** (currently in construction). New construction for the Energy Center building in Spring, TX. The 285,000 sq.ft. building is the welcoming structure at primary Campus entry. The building features the iconic elevated component "the Cube", topping the multifaceted structure featuring campus training classrooms, gallery, auditorium, and convention center (building equipped with 3 commercial kitchens).
- **Friends For Life - Don Sander Adoption Center** (current achieving LEED certification). Commercial existing warehouse renovation of an 8,250 sq.ft. space for the non-profit "no-kill" organization's primary hub within the Houston Heights. This facility is the first LEED certified No-Kill shelter in US, Texas, and is the only LEED certified shelter in Houston. Client contact: Salise Shuttlesworth, JD (v) 713.863.9872

Recent Completion

- **Muller Attic Renovation** (comp. Feb. 2012). Attic and stair renovation within the existing bungalow style residence in the Houston Midtown area.
- **Perry Deck Addition** (comp. Jan. 2011). Exterior deck addition and renovation to existing residence on Lake Limestone in Jewitt, Texas. The 1,200 sq.ft. addition/renovation provides two terraced gathering spaces constructed with recycled content composite decking material. Welding/metalwork for two permanent benches also performed.
- **Cassier Condo Renovation** (comp. Dec. 2011). Penthouse renovation within Bayou Lofts (Southern Pacific Railroad Building) in downtown Houston TX. Two existing penthouse units (w/ loft mezzanine) combined for a 2,600 sq.sf. renovation. Project management services provided for Gabriel Architects, Inc. Client contact: John Gabriel, AIA (v) 713.840.0477
- **Friends For Life Adoption Center** (comp. April 2009). Commercial tenant improvement of a 3,000 sq.ft. space for the non-profit "no-kill" organization in a Houston Heights retail district on West 19th Street. Welding/ metalwork services for interior elements also performed.
- **A.D. Players** (construction pending funding). New commercial 170,000 sq.ft. facility for this Houston performance arts christian non-profit organization. Project management provided for Gabriel Architects, Inc.
- **Pressly Residence** (comp. August 2010). New residential construction for a 2,500 sf.ft., 3-story house on a leg of Galveston Bay in San Leon, TX.
- **Outdoor Meditation Room** (comp. May 2010). New construction using salvaged brick pavers and cedar fencing.
- **Porch Renovation** (comp. September 2010). Residential porch renovation using salvaged wood shiplap and steel.
